

Salus University offers a competitive 30-week Post-baccalaureate program in Health Sciences. The program is designed for full-time students to complete in two semesters. Students who wish to complete the program on a part-time basis will have an individualized course of study.

# HEALTH SCIENCES POST-BACCALAUREATE PROGRAM

## Why Salus?

- Graduate level courses designed to strengthen students' background in health sciences
- Faculty and staff dedicated to the education of healthcare professionals
- Development of academic skills in preparation for a graduate or professional health science degree
- Development of scientific skills for a foundation in health sciences
- Clinical and patient observation with Salus University's clinical facilities\*
- Career and academic guidance for future professional success

\* Only students enrolled full-time are eligible for patient observation

## ADMISSIONS CHECKLIST

- Complete an application at GradCAS
- Complete a bachelor's degree from an accredited institution
- Submit official undergraduate transcripts
- Submit two short-answer essays (250 words maximum)
- Submit a CV/Resume
- Submit one letter of recommendation
- Complete an online interview with the program director

## What is a Post-baccalaureate?

Post-baccalaureate programs are for students who have already completed an undergraduate degree or are working toward a secondary degree from an accredited institution. According to U.S. News and World Report, benefits to completing a Post-baccalaureate program are many - it can provide an opportunity to take required prerequisite courses after undergraduate graduation, boost a competitive GPA or help students become better prepared for admission to a professional, graduate or medical school.

### About Salus And Its Programs
