Pennsylvania Ear Institute of Salus University Open House
Community-Based Hearing and Balance Center to Offer Tours of Facility and Custom Ear Plug Giveaways

Elkins Park, Pa. – The Pennsylvania Ear Institute (PEI) of Salus University announced an open house reception taking place on March 10 from 4 to 7 p.m. PEI is the clinical facility for the Salus University Osborne College of Audiology. The open house will include custom ear plug giveaways and hearing screening vouchers as well as demonstrations of video ear exams, functional balance evaluations and assistive listening devices. Tours of the recently renovated facility, which includes additional rooms for advanced diagnostics and patient education, will also be offered during the event. The added space will enable PEI to see more patients with a reduced waiting time. PEI provides pediatric and adult hearing care services while serving as a clinical training site for Salus University audiology students. Doctors of Audiology, who are Salus faculty, staff the Pennsylvania Ear Institute and oversee Salus doctoral students.

The state-of-the-art clinic offers comprehensive hearing evaluations, balance evaluations, hearing aids/fitting and repair, cochlear implant services, tinnitus and hyperacusis management, hearing protection and auditory processing evaluations. It is located at 8380 Old York Road, Suite 120 on the campus of Salus University in Elkins Park.

For more information or to RSVP for the open house, please email communications@salus.edu. Tours and light refreshments will be provided.
