Management of Pituitary Tumors to be Topic of Discussion at Salus University's May Speaker Series

Elkins Park, Pa. – The Salus University Speaker Series “Endoscopic Endonasal Management of Pituitary Tumors, Craniopharyngiomas and Meningiomas” will feature James J. Evans, MD from the department of neurological surgery at Thomas Jefferson University. The May Speaker Series event will take place on Friday, May 15, 2015 from 1:00 p.m. to 3:00 p.m. at the Salus University Elkins Park, PA campus in Room S300.

Dr. Evans, co-director of the Jefferson Center for Minimally Invasive Cranial Base Surgery and Endoscopic Neurosurgery, will review limitations of endonasal minimally invasive resection of these pituitary tumors by utilizing surgical videos of the procedures. In addition, he will discuss perioperative management, potential complications and outcomes.

This presentation has been COPE approved for two credits toward licensure renewal for optometrists. In order to receive COPE Continuing Education Credits, you must sign in/out and attend the entire session. The event is free and open to health professionals and the public. Registration is required – [click here](#). For more information, call Salus University at 215-780-1380 or email jwilbur@salus.edu.
