Heritage Society Members

Heritage Society Members have made provision for Salus University as part of their estate planning in the form of a bequest, gift annuity, trust agreement or life insurance. Through their foresight and generosity, these donors help preserve the heritage of the University and build a stronger future for Salus University.

Salus University's full-time, 25-month PA program prepares graduates to join one of the fastest-growing professions in the country and become integral members of today's healthcare delivery team. Upon successful completion of the program, students receive a Master of Medical Science degree (MMS).

PHOTOGRAPHY BY HOPE DALUISIO

“The program made me personally a more reliable scientist and well-respected nationwide eye expert. The whole program increased my knowledge, improved my personality, strengthened my self-confidence, and boosted my acceptance not only in my profession as an optometrist, but also in the field of medicine and especially in ophthalmology.”

The vision of the Osborne College of Audiology (OCA) is to achieve national and international prominence by positioning OCA as an innovative training program in the country for the on-campus (residential) AuD degree program, and by establishing OCA as leaders in global on-line (distance education) audiology degree and certificate programs.

PHOTOGRAPHY BY ANNA INTARTAGLIA

“It is indeed a privilege to contribute to the Osborne College of Audiology. The Sundar Distance Education Endowed Scholarship Fund is dedicated to the faculty who have made our programs distinctive with their dedication and unqualified generosity to share their knowledge and science and to all our students who have met the challenges of this unique program.”
