

## Four Salus Professions Among Top U.S. Jobs

If you're a prospective student considering Salus University or a student who's already enrolled in one of the University's top-level programs, you might want to take a look at a recent survey by U.S. News and World Report.

The good news is that there are plenty of job opportunities for those with a degree from Salus. The even better news is that when you score one of those jobs, you'll likely need a bigger wallet.

Of the "100 Best Jobs of 2021," four of the professions that Salus trains its students to enter rank among the best: Physician Assistant (PA) at No. 1, Speech-Language Pathologist (SLP) at No. 7, Occupational Therapist (OT) at No. 19 and Optometrist at No. 48.

## Alumni Corner: Volleyball and Seinfeld Jokes Make A Perfect Love Story

During her second year at the Pennsylvania College of Optometry at Salus University, **Arieneh Tahmasian, OD '17**, became involved with the intramural volleyball team. It wasn't long, though, before she sensed that her teammates weren't exactly enthralled with her volleyball skills — or lack thereof.

All except one. **James Komornik, OD '17**, was on that team, too, and he thought she was trying her best and having fun. Soon thereafter the two of them found themselves in a study group together. What unfolded next was a Salus love story.

## Virtual Audiology Learning Experience Doesn't Miss A Beat

Going into her last semester at Temple University, Lexi Moyer is on the fence about the direction in which she wants her career to go: Does she want to be an audiologist or a speech-language pathologist?

To that end, Moyer was one of 15 attendees accepted to Salus University's Audiology Learning Experience (ALE), held in December 2020, the purpose of which is to expand awareness with undergraduate students about

the audiology profession and the Doctor of Audiology (AuD) program at the University's Osborne College of Audiology (OCA).

## A Day in the Life: Graham Seering

My name is Graham Seering and I attended the University of South Carolina where I earned a degree in Biology with a minor in Chemistry. My undergrad experience was one I would never trade. I met numerous friends I still keep in close contact with now while also still challenging myself academically. I am currently in my second year of the Physician Assistant (PA) Studies program at Salus. Our second year is our clinical year, so I spend my days on rotation for different specialties at different hospitals or offices.
